

Dhamma Workers' Disclosure and Authorization Form for Background Checks

As part of Oregon Vipassana Association (OVA) guidelines for children's and teens' courses, all adults on site during the course are required to complete a Criminal History Background Check. Servers cannot be accepted into the course without a cleared background check, therefore we require you to complete a background check authorization.

A past criminal record will not necessarily disqualify you from serving the course. Further, the results will in no way affect your eligibility for serving adult courses, as background checks are not required for those courses. All results will be kept fully confidential.

The information below is required to conduct the necessary background check.

If completing by hand, please print clearly and legibly
